

New Jersey offers free and/or low cost treatment to all individuals affected by compulsive gambling. Unfortunately, New Jersey does not have enough trained providers to cover every county. Are you interested in becoming a Certified Compulsive Gambling Counselor? If so take a look at the American Certified Gambling Counselor Certification Board, Inc.'s Informational Brochure at www.certificationboard.com.

Would you be interested in taking a 30 hour gambling specific course to help in acquiring this credential? The course would be free of charge and centrally located. If so please e-mail ccgnjalice@aol.com and let me know of your interest.
